

## **Fairdeal Conducted IMO Accredited Oil Spill Response Courses to Governmental Iraqi Environmental Engineers from the Oil Sector.**

Oil Spill Response Centre of Fairdeal Marine Services has organised an accredited 3 days Oil Spill Training Course complying with IMO Operational Level Course at Fujairah on 2nd to 4th September 2023.

Course conducted to Governmental Iraqi Environmental Engineers from Oil Sector.

The course objective was focused on the oil spill operational level such as on the response techniques at sea and on the shoreline, waste management and post - response operations.

To conclude with, the delegates gained further understanding on the principle of oil spill response.
