TECHNICAL SERVICES

"The sustainable Solution of the Ship Owner"

For over 30 years we have operated an in-house workshop including a machine shop within the Port of Fujairah.

Our Services:

- Calibration services for MMC/ UTI Tapes / gas instruments etc.
- Hydraulic system Troubleshooting services, overhauling, repairs.
- Fabrication jobs. All Kind of fabrication jobs, including piping and steel works.
- Project Services (Pre docking, drydocking and afloat repairs)
- Refrigeration services and Air condition services.
- Anchor handling jobs (chain renewal , wild cat build up , twist removal etc. at anchorage)
- Electrical Services, electric motors rewinding, including servicing of motors.
- Automation services / trouble shooting jobs
- Mechanical jobs including M/E & A/E Works.
- Machining Services.
- Fenders Repair & Re caging.
- Cargo Hoses Pressure Test and repairs.
- Technical Services to Oil Terminals

REPLACING OF ANCHOR CHAINS / KENTER/ D END SHACKLE AT FUJAIRAH AND KHORFAKKAN ANCHORAGES

- ✓ Replacement of Anchor chain with kenter shackle at Anchorage
- ✓ Removal of anchor chain twist / bitter end repairs
- ✓ Welding of loose studs etc.. with supply boats or AHT as necessary.

TECHNICAL SERVICES

"The sustainable Solution of the Ship Owner"

Calibration services

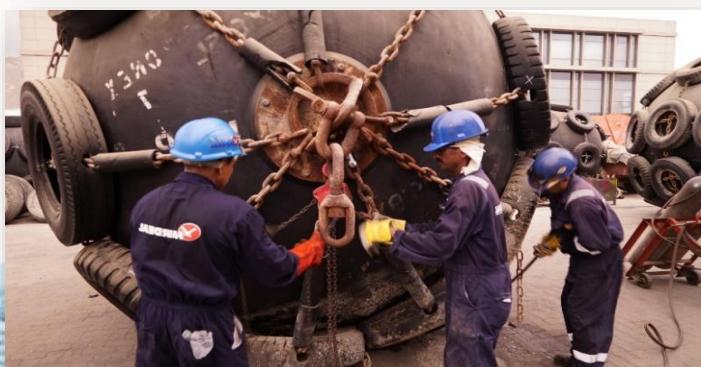

- Service, Calibration and Certification of all kind of UTI Tapes (MMC, Tanksystem, Tanktech, Marsen, Seahover, etc..)
- Authorized Agent For MMC Products.
- Service Calibration and Certification of all kind of Portable and Personal Gas Detectors. (RKI, MSA, BW Technologies, Senko, GMI, RAE Systems, Drager).
- Service, Calibration and Certification of All Kind of Personal Alcohol Detectors(Alco Scan, Drager, ACS, Intoximeter's, Lion, etc..)
- Service, Testing and Certification of 15ppm Bilge Alarms(Deckma Hamburg).
- Service, Calibration and Certification of Pressure Gauges (Upto 1100 bar) & Transmitters
- Service, Calibration and Certification of Temperature and Pressure Calibrators
- Service Calibration and Certification of all Models of Fixed Gas Monitoring systemsFor Pump Room, WBT and VECS (RKI, Crowcon, Consilium, Omicron, Toka Seiki —etc).
- Service, Calibration and Certification of all Models of IGG Fixed O2 Analyser. (NGK, Servomex, Hamworthy, Oxus, Green Instruments, etc.).
- Service, Simulation Testing & Certification of All models ODME. (VAF Instruments, Brannstrom, Sasakura etc.)
- Service, Testing & Certification of Fire Alarm Systems on board Vessel.
- Supply of New / Reconditioned UTI Types and Gas Instruments.
- Supply of Calibration Gastech and Drager Tubes

Mechanical Services

- Overhauling of Main engines up to a range of 900mm bore dia. Including opening of main, cross head and crank pin bearings for Owners / Class inspection. (Man B&W, Wartsila, Pielstick, ect.)
- Overhauling of Aux. Engines medium & High Speed in-situ and in workshop (Daihatsu, Yanmar , Caterpillar, Cummins, Detroit GM, Etc.)
- Overhauling and Repair of all kinds of Auxiliary pumps (centrifugal, Screw and Gear pumps).
- Overhauling of Cargo pumps (Centrifugal, Screw and Gear Pumps) in-situ and in workshop.
- Repairing and overhauling of all kinds of valves (Butter fly valve / Gate valves / Globe valves / Ball valves etc.)
- Overhauling of steam turbines.
- Overhauling of Gearboxes.
- Utility boat tail shaft repairs, rudder repairs, propeller polishing and static balancing.
- Safety Valves Servicing and testing.
- Alignments Jobs.
- In-situ Cleaning of Shell and tube coolers, Plate type heat exchangers.
- Overhauling of fire/foam monitors.
- Repair of mooring winches and anchor windlass.
- Overhaul and testing of PV Valves.

TECHNICAL SERVICES

"The sustainable Solution of the Ship Owner"

REFRIGERATION AND AIR CONDITIONING SERVICES

- Trouble shooting of reefer and air conditioning system, including Vacuuming, Gas charging, Flushing etc.
- Gas leak rectification on systems.
- Overhauling of various type of reefer and A/C Compressors.
- Installation and commissioning of new compressors.
- Refrigerant conversion & associated modification works.
- Split A/C Installation and commissioning onboard vessels.

Electrical and Automation Services

- Steering gear control system.
- Main engine and aux. engine safety, shutdown and starting system.
- Bow thruster control system.
- General alarm and fire alarm systems.
- Main switch board and other switch gears.
- Overhauling of all type of Electrical Motors & Various Alternators.
- Modification and installation of DB panel

Recaging / Repair Of Fenders Re- caging of Pneumatic Fenders

TECHNICAL SERVICES

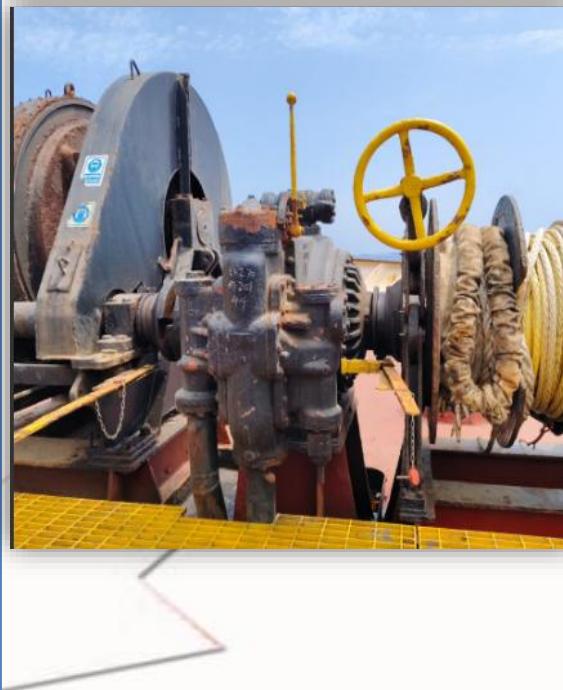

"The sustainable Solution of the Ship Owner"

HYDRAULIC SYSTEM TROUBLESHOOT, REPAIR AND SERVICES

- Hydraulic trouble shooting and health check –up of various industrial & marine cranes like IHI, MacGregor, Hugglands, Mitsubishi, Libherr, etc.
- Troubleshooting and Health check-up of various Midship crane, provision crane, lifeboat davit, VRC system, Windlass/ Mooring winches, Steering system, Bow thruster, and other marine & industrial hydraulic system.
- Trouble shooting and health check-up of Remote & Motorized grab.
- Renewal of cargo seal & mechanical seal for framop pump

Overhauling and reconditioning of :

- Hydraulic pumps (Vane pump, axial piston pump, radial piston pump, gear pump, Gerotor pump, screw pump and etc.,).
- Hydraulic motors (Vane motor, piston motor, gear motor and etc).
- Hydraulic ram cylinders and Jack.
- Hydraulic actuators.
- Accumulator.
- Hydraulic brake unit.
- Main engine hydraulic Top bracing unit.
- Hydraulic control blocks.
- Various hydraulic valves (DC valves, Relief valve, Reducing valve, solenoid valves, counterbalance valve and etc.).
- Hydraulic Cargo pump and power packs.
- Hydraulic tools.

TECHNICAL & SAFETY EQUIPMENT SERVICES

Pressure Test Of Cargo Hoses For Transfer of Oil & Gas

Fairdeal Marine Services provides a **DNV-certified Cargo Hose Testing**, strategically located inside the Port of Fujairah. Our purpose-built facility is equipped to offer comprehensive testing services—including pressure tests, electrical resistance evaluations, and vacuum tests—ensuring your hoses meet the highest international safety and compliance standards. We ensure your marine hoses meet the highest safety and operational benchmarks to deliver fast, accurate, and professional testing solutions thereby keeping your cargo operations safe, compliant, and efficient — right where you need them most.

Our Services Include:

- ✓ Pressure Testing (BS EN 1765:2016)
- ✓ Electrical Resistance Testing (BS EN ISO 8031:2020)
- ✓ Vacuum Test (BS EN ISO 7233:2021) – Optional or Required.

SAFETY EQUIPMENT SERVICES

"The sustainable Solution of the Ship Owner"

Services Include:

- Service and certification of Fire Fighting equipment.
- Service and certification of Lifesaving Equipment, Liferaft, Immersion Suits, Lifeboats, Rescue Boats and Launching Appliances.
- All types of Fixed Fire Fighting Systems such as C02, Halon, Foam, Dry Powder, Water based systems, Wet Chemical System, and FM200 etc..
- Fire Alarm, Fire Detection and Suppression System.
- Hydrostatic Pressure testing of all types of cylinders.
- Refilling of C02, Air, Oxygen, N2, Foam, Dry Powder etc.
- Hose binding with coupling using stainless steel, copper or galvanized wires.
- Inspection and testing of Lifting gears, crane, ladders, slings, wire rope, grabs, etc.
- Analysis of Air sample, Foam sample, and Water sample.
- Foam proportionate testing
- Supply of LSA and FFA.

Services are performed in compliance with ISO 9001:2015 Guidelines.

Save Our Seas

Fairdeal Marine Services is proud to be associated with anti pollution activities widely supported by marine industry. The largest independent private Oil Spill Response Services established since 1985 which is widely recognized and utilized by Ship Owners/Managers, Port Authorities, Power & Water Desalination Plants and Oil Terminal Operators in UAE.

Fairdeal Marine Services has Trade License from Govt Dubai for Pollution and Environmental services. Services will be offered on request from clients.

Oil Spill Response Services is fully certified for IMS (ISO 9001, ISO 14001 & ISO 45001) by BV.

The main activities of Oil Spill Response Centre (OSRC):

- Providing annual retainer contracts to: Oil Companies, Shipping Companies, Oil Terminals & Desalination plants within UAE.
- Providing hands-on oil spill exercises to the organizations who have signed retainer agreements.
- Ship side cleaning of ships hull of oil contamination occurred either from over flow or from sea oil contamination.
- Oil spills removal from onshore and offshore.
- Carry oil spill response training as per IMO Level: I, II & III.
- Consultancy on setting up oil spill response centers.
- Recommendation & supply of proper means and equipment.
- Share own experience in claims handling based on objective evidence.
- Oil Spill Response Management.
- Facilities Contingency Planning.
- Customized hands-on oil spill response exercises.
- Dedicated projects for permanent protection of desalination & power production plants intakes.
- Customized projects including conversion of tugs to a oil spill response vessels.
- The only contractor dedicated to handle recovered oil from spill incidents

MARPOL RECEPTION FACILITIES

Marine Oil Pollution Prevention Activities

FAIRDEAL has been pioneer in providing **FLOATING RECEPTION FACILITIES** for the treatment of oily wastewater produced by normal shipping operations, since 1985 at the ports of Fujairah and Khorfakkan.

COMPLIANCE:

Our Floating Reception Facilities are operating in compliance with the International Convention MARPOL 73/78 Annex I in accordance with the guidelines on the provision of Adequate Reception Facility for oily wastes.

Types of wastes collected by FAIRDEAL's Floating Reception Facility:

- **Dirty ballast water.**
- **Tank washings.**
- **Bilge water/oily residues &**
- **Oily water mixtures recovered from oil spill clean up operations.**

Our services are offered from our office in Fujairah, and combined effort and blend of expertise often assists our Principals for an efficient service and solution. Principals are requested to utilise our services which are coordinated in the most efficient manner.
